

OUTSTANDING RESULTS IN 2010 BLIND TASTING COMPETITIONS

Year after year the Ports of Graham's set the bar for quality in the most prestigious international tasting competitions, consistently being awarded more medals than any other Port producer, often by a substantial margin.

The very impressive results of 2010 continue Graham's tradition of excellence and increase by 17 the number of medals and trophies awarded to Graham's Ports.

These outstanding results from the International Wine Challenge, the International Wine & Spirit Competition and the Decanter World Wine Awards, three different competitions, each judged blind and in impartial conditions, reaffirm Graham's position as the leading producer of premium quality Port of every style.
